12.2. Taxes/Fees/Charges by Country

12.2.35. Canada (CA)

1. Definitions

Canadian Taxation Area: Canada and USA (except Hawaii) and Islands of St. Pierre & Miquelon.

International transportation: from "Canadian Taxation Area" (from or via Canada) to points outside this area, e.g. YMQ - CHI - ZRH or CHI - YMQ - PAR - CPH.
Transfer stop: a stop at an airport by an aircraft from which the passenger deplanes solely for the purpose of emplaning on a connecting flight.

2. Goods and Services Tax (GST) (XG)

5% levied on tickets, PTAs and MCOs for transportation wholly within Canadian Area, with first enplanement in Canada. Transborder travel subject to GST if first enplanement is in Canada, regardless of place of sale.
For travel originating in British Columbia: applies for tickets issued (in Canada or outside Canada) on domestic transportation, transborder (to the USA), as well as on any SQ and CA (ATSC) charges for any airport in British Columbia.

EXEMPTIONS:

- International transportation (incl. Hawaii and US Virgin Islands) and travel wholly within US purchased in Canada are zero-rated.
- Travel originating in the United States of America and bound for Canada, that is sold in Canada will not be subject to GST.

Note:

Refunds: The XG tax is fully refundable if the taxable travel was not used. There may be some hold back of tax if there is a cancellation fee, as that would be deemed a taxable service, depending on the tax status of the travel.

The tax is not interlineable.

3. Quebec Sales Tax (XQ)

9.5% levied on tickets originating in the province of Quebec with the destination in any province in Canada. QST applies to tickets sold inside or outside Canada for transport wholly within Canada and commencing in Quebec.
XQ is applicable to passengers on domestic flights as well as on any SQ charge for an airport in Quebec whether the flight is domestic or international.
