

...and ensuring successful implementation of the Award Programme in their learning institutions.

The Award ceremony was officiated by the Teachers Service Commission (TSC) Coast Regional Director Ms Juliet Kariuki in the company of the Presidential Award-Kenya Chief Executive Officer Ms. Nellie Munala, the Coast Regional Director of Quality Assurance Mr. Nerry Otieno and PA-K Board of Trustees.

Ms. Kariuki noted that the youth are confronted with high levels of socio-economic challenges making them the most vulnerable population in the society.

She said they require social, political and economic support to realize their full potential and lead dignified lives. This makes it even

more important that they are deliberately exercising a choice of extra-curricular activities and doing it in a way that requires connecting with other people.

The TSC official, further, commended The President's Award-Kenya for offering a balanced progressive programme to young people and ensuring that their achievements outside of academia are recognized and celebrated.

She emphasized the importance of formal education saying it is vital in helping young people to arm themselves with the skills and knowledge needed to navigate the world of tomorrow.

However, she reiterated that formal education alone is not enough to ensure that the young people have the skills to tackle life's many challenges head on.

"Young people also need experiences outside the classroom to become committed, responsible and fulfilled citizens of the world," she said.

She noted that the Competency Based Curriculum (CBC) has a shared vision with the President's Award-Kenya of empowering young people for life.

"In the current education, so many children are not empowered at the end of basic education. The CBC system is principled on mu-

to believe in themselves, enables them appreciate diversity of the world and make them ready for life.
